

Unconventional simplicity. Just as white space helps define an object, the space between the seat and frame defines the Alo Collection's pronounced character. Light filters through, creating simple, clean lines and providing a more comfortable and flexible sit. This classic and simple series of chairs is finely crafted and a perfect fit for a variety of applications, from dining areas to cafe to reception and lounge spaces. Powder coated steel sled base available in Black, White, or Anthracite Gray. Fully upholstered seat.
